Dear Sir,

Concern: Luxembourg Music Information Centre - Question au gouvernement 1644

As President of the International Association of Music Information Centres (IAMIC) I am writing in response to media reports that have come to our attention, regarding the membership of both Luxembourg Music Information Centre and music: LX in our network. I would like to clarify our position with regard to these two members, since some of the information in those media reports does not represent IAMIC's position correctly.

Firstly, we have never made any public complaints regarding the engagement of Luxembourg Music Information Centre with IAMIC. Secondly, we have other examples where we have two members from the same country (for example Estonia), particularly when the organisations concerned offer complementary activities in the international promotion of the composers and musicians of that country.

As a final point, music:LX expressed its interest in joining IAMIC as a second member from Luxembourg during Classical:Next 2014; it is incorrect to say that we invited music:LX to join as a replacement.

I hope this clarifies IAMIC's position, but welcome any further questions you may have.

Yours sincerely,

Susanna Eastburn
President, IAMIC
